

PROBLEM BEAVER CONTROL POLICY

OVERVIEW

To define the Rural Municipality of Whitemouth policy respecting the control of problem beaver within the municipal jurisdiction.

On RM constructed drains and RM owned lands; the municipality will be responsible for problem beaver and dams.

The RM will be responsible for problem beaver and dams on private lands if municipal drainage is affected.

The landowner is responsible for problem beavers and dams on privately owned land if municipal drainage is not affected.

The Public Works Supervisor or designate shall determine if the beaver or dams affect municipal drainage.

A resident can appeal the decision of the Public Works Supervisor or designate to the RM of Whitemouth Council.
